

# International Conference New Energy User Friendly

8 July 2016, Warsaw, Ministry of Energy

## Draft Conference Programme

**9:00-9:30**

### OFFICIAL OPENING

#### **The following persons have been invited to officially open the Conference:**

- Krzysztof Tchórzewski, Minister of Energy of Poland
- Witold Słowik, Undersecretary of State, Ministry of Development
- Ryszard Zarudski, Undersecretary of State, Ministry of Agriculture

**9:30-11:10**

### SESSION 1

#### ENERGY SECURITY OF THE COUNTRY IN THE PERIOD OF TECHNOLOGICAL TRANSFORMATION

#### **Topics to be discussed:**

- Climate policy implementation in Poland and in Europe
- The Polish energy mix vs. low-emission economy
- Energy security in the period of transition to a low-emission economy
- Energy and product certification systems
- How to win support for low-emission coal and maintain competitiveness?

#### **The following persons have been invited to take part in the panel:**

- Georgette Lalis, Principal Adviser to Director General DG Energy, European Commission
- Henryk Baranowski, President of the Board, PGE SA
- Jacek Janas, President of the Board, Tauron Wytwarzanie
- Mirosław Kowalik, President of the Board, ENEA SA
- Michał Ramczykowski, President of the Board, the European Copper Institute
- Robert Szaj, President of the Board, Energa Wytwarzanie
- Cezary Szwed, Vice-President of the Board, PSE

**Moderator: Paweł Nierada – Energy Expert at the Sobieski Institute**

**11:10-11:30**

### COFFEE BREAK

**11:30-13:10**

**SESSION 2**

**THE PROGRAMME OF DEVELOPING LOW-EMISSION ECONOMY IN POLAND BASED ON THE COUNTRY'S RESOURCES AND TECHNOLOGICAL POTENTIAL**

**Topics to be discussed:**

- Low-emission economy in cities and in poorly urbanized areas (RES, cogeneration, polygeneration)
- Legal framework for prosumer energy in Poland as compared with other EU countries
- Practical solutions for emission reduction: presentation of good practices of Poland and other countries
- Financing of projects aimed at low-stack emission reduction
- Local balancing and development prospects for macro- and micro-clusters in Poland

**The following persons have been invited to take part in the panel:**

- Ryszard Biernacki, Managing Director for Production Engineering, KGHM Poland
- Mieczysław Koch, President of the Board, PGE Energia Odnawialna
- Stanisław Kluza, Chairman of BOŚ Bank
- Artur Michalski, Vice-President of the Board, National Fund for Environmental Protection and Water Management
- Józef Neterowicz, Counselor of the Embassy, Embassy of Sweden in Warsaw
- Jan Frania, Vice President for the Development, PGE Distribution
- Roman Szwed, President of the Board, ATENDE
- Konrad Tomaszewski, Director General, the Polish State Forests

**Moderator: Aleksandra Lis, Sobieski Instytut**

**13:50-14:10**

**LUNCH BREAK**

**14:10-15:50**

**SESSION 3**

**EXAMPLES OF POLISH TECHNOLOGY IMPLEMENTATION**

**Topics to be discussed:**

- Distributed energy as a stable partner for DSOs
- Smart Grids vs. grid management
- Virtual power plants: energy storage and integration of micro-installations
- IT systems' benefits for prosumers
- Technical guarantees for prosumer devices

**The following persons have been invited to take part in the panel:**

- Mateusz Kędzierski, Director, Innovation Department, Ministry of Energy
- Krzysztof Kołodziejczyk, Director of Utilities Department, Globema
- Grzegorz Nowaczewski, President of the Board, VPP
- Adam Ogrodnik, President of the Board, UDT (Office of Technical Inspection)
- Micro-cluster initiatives in Poland

**Moderator: Wojciech Jakóbiak, Editor in Chief, Biznes Alert**
